WORK

Intern: Jefferson Moss Rehabilitation Research Institute - Cognitive-Motor Learning Laboratory

June 2025 - October 2025, April 2026 - Present

- Assessed and scored participant task performance for research study, adhering to strict scoring guidelines
- Contributed to data collection and analysis, resulting in co-authorship on publication currently in preparation
- Participated in weekly lab meetings to discuss various projects, developing valuable experience in a collaborative research environment
- Collected and analyzed participant data using Microsoft Excel, Python, and R

Academic Tutor (AP Precalculus, Chemistry): Freelance, Remote

October 2025 – Present

- Provide one-on-one tutoring support for a high school student (~5 hrs/week)
- Facilitate homework support, unit test review, and AP exam preparation
- Create and assign individualized practice problems to target learning gaps

EXTRACURRICULARS

Team Member: Abington Friends School Math Club

September 2022 - May 2024

- Strengthened problem-solving skills and effective collaboration through weekly league competitions, both team-based and individual
- Collaborated with teammates in an annual 14-hour math modeling challenge, gaining essential statistical and math modeling skills

Intern & Mentor: Casa Heiwa and Angelina Mentorship Program (CHAMPS) at UCLA

April 2025 - Present

- Lead activities for youth residing in the Angelina and Casa Heiwa apartment complexes in Los Angeles, forming mentorship relationships
- Facilitate career exploration workshops and hands-on STEM projects, cultivating creativity, collaboration, self-expression, problem-solving, and independence

Director of Social Media & Trip Lead: Peaks and Professors at UCLA

September 2024 - Present

- Plan and lead hiking trips for professor and student participants, overseeing safety and logistics
- Manage social media accounts, curating content to promote hikes and events
- Foster professor-student engagement by personally recruiting and hosting professors for hikes, encouraging mentorship and networking in a non-academic setting

TECHNICAL SKILLS

- Programming: Python, Java, C, C++, R
- Software: Microsoft Office Suite (Word, Excel, PowerPoint), Google Workspace (Sheets, Slides, Docs)
- Analytical: Data Interpretation, Problem Solving, Statistical Analysis
